

Runway Safety - Pilots Communications

We will look at Communications for Towered and Non-Towered airports and why it's of critical importance to all pilots.

Knowing how to plan your arrival and departure with clear communications keeps pilots, other pilots and controllers on the same playbook. Join us in a short FAA video and pilot discussion on Communications with CFI Gary Miranda.

Directions: Restaurant meeting room in the back of the restaurant.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
